

CONAIR® HOSPITALITY

Infiniti Pro Brushless Motor Dryer

Model# 3QHW

The 3Q™ Featuring Quick, Quiet and Quality Technology

- A brushless motor works with a combination of magnets & electronics to drive the motor (no carbon brushes that wear out)
- 5000 hours of life – 10x longer than AC motor dryer
- Dries equivalent to a 2000 watt professional dryer ¹
- Cuts drying time with up to 70% more airflow and less heat to minimize heat damage ²
- Up to 40% less noise with patent-pending noise-reduction technology ³
- Ionic technology for smooth, shiny hair and up to 75% less frizz ⁴
- Titanium Ceramic technology for infrared heat to gently dry hair
- 18% lighter than standard AC motor hair dryer
- 7-ft. heavy-gauge, professional-quality line cord for extra durability
- Concentrator attachment

¹ When compared to BabylissPro™ 2000W professional hair dryer model

² As compared to other Conair DC motor dryers

³ When compared to 3Q® dryer without patent-pending noise-reduction technology

⁴ When compared to hair dryers with natural ion generation
